

Jose Manuel A. Santos

Team Leader, Leisure & Entertainment Group

Joey Santos is always eager to make sure the fun never stops. He heads the relationship management team that looks after corporations involved in leisure, hotel, entertainment and real estate development. These include the likes of Ayala Land, Inc., ABS-CBN, TV5 Corporation, Fort Bonifacio Development Corporation, Megaworld Corporation, Manila Hotel, Shangri-La Group of Hotels, and Travelers International Hotel Group. By regularly providing their customers with energy-related updates, advice, trends and consultation, Joey's team ensures that every moment of excitement has plenty of power behind it.

A licensed electrical engineer with over 20 years of experience with Meralco, Joey has held several leadership roles in company. He has been President of the Meralco Cadet Engineer Program, and has supervised other engineers in several distribution facility projects for SME and corporate customers.

Joey has a double degree in electronics & communications engineering and electrical engineering from the Mapua Institute of Technology, one of the Philippines most respected Engineering universities. He also holds a master's degree in business administration from the De La Salle University
