

Alex C. Cabugao

Assistant Vice President and Head, Technical Services

With more than three decades of electrical engineering in power distribution systems behind him, there's hardly a technical problem that Alex Cabugao can't solve. Whether it's figuring out the optimal power configuration for a new production line, improving the efficiency and reliability of an existing power system, or simply processing new corporate service applications, Alex and his seasoned team of 32 licensed and highly competent electrical engineers will help you get the job done –and done well.

Alex holds a Bachelor's Degree in Electrical Engineering from the University of the Philippines and a Master in Management from the Asian Institute of Management.

He is a licensed Professional Electrical Engineer, an ASEAN Engineer and a Certified Energy Manager. He often represents Meralco as a technical expert on power quality and energy efficiency in various fora both here and abroad.

He is the current elected president of the Institute of Integrated Electrical Engineers of the Philippines, Inc. (IIEE), the only professional organization recognized by the Professional Regulatory Commission (PRC) in the practice of electrical engineering
